**Do Not** ask to take tests or the final exam at a separate time from the class except in case of emergency, or in case you have two other final exams on the same day. Your final exam will be **Wed. Dec 7th at 4:00 P.M.**

Late homework won't be accepted, but you will have five dropped homework assignments in the course of the term. These are intended to cover all cases of lost or forgotten homework, brief absences, etc. If you joined the class late or in the case of extended absences (more than a week) we can make some adjustment. Problem sets must be turned in at the beginning of class on the day they are due. Please **don't slide homework under my office door**.

Don't turn in homework with ragged edges (spiral paper). Don't use legal size paper or red ink. Please staple the pages together and don't fold them. **Please keep all tests and homework. Please include the problem set number with your homework.**

In general **I will not drop any test scores. Don't miss a test!**

You **must** also register for **Physics 221** unless you have specific permission to do otherwise, or have previously taken Physics 221.
