

Course Outline

Course: Phys 612 Quantum Mechanics II
Instructor: Dr Alakabha Datta
Office: 209 Lewis Hall
Meeting: M-W-F 10-10.50 pm at Lewis 104

Office Hours: By Appointment

Email: datta@olemiss.edu,

datta@phy.olemiss.edu

Phone: (662) 915-5611

Course homepage: Check Blackboard.

Book

Modern Quantum Mechanics
Second Edition
J.J. Sakurai and Jim Napolitano

Course Goals and learning Outcome: After completing the course you will know how to apply the basic postulates and rules of Quantum Mechanics learnt in QM 611 to solve problems in various areas of research.

Independent study: The course will also involve solving problems that will require students to research material on published journals to complete the project. The purpose of this is to help the student acquire skills to pursue independent research.

Marking:

Homework: 55 % (30% book homework, 25% short homework)

Mid Exam: 20%

Final Exam: 25%

Friday May 9, 2014 at 8 am (See Class Schedule)

An overall course average of the following percentages will guarantee the corresponding letter grade:

90%	A
80%	B
70%	C
60%	D

Topics Covered in course: Topics will be taken from chapters 4-7 in the book. Topics include symmetry in Quantum Mechanics, identical particles, perturbation theory and scattering theory.

Attendance: There is no attendance requirement. However if you miss an exam or cannot turn in HW on time because of illness I will require a doctor's note. If you will away on other reasons inform me prior to your absence and get a note if applicable.

Academic Integrity: We will follow the University's policy of academic integrity (M-book). Violations of these policies will result in a failing grade and other disciplinary actions.
