

I expect the following experiments to be part of the exam.

The list is not final; the questions are not yet definite ...

Check next week for further details. _____

Exp 1: Correct Recording of Measurements

Exp 3: Propagation of Error, Proper Graphing

Exp 4: Vector Addition

Exp 7: Determine Coefficients of Friction

Exp 10: Determine the mass of an object

Exp 11: Density of an object, buoyant force acting on an object
